TO MAKE COUNTY ROAD OF A PUBLIC HIGHWAY

Something That Was Overlooked Some Years Ago

County Supt. of Roads Acuff was over from Phoenix yesterday morning accompanied by Tom King. Mr. Acuff and W. T. Cummings, the local road overseer, made a trip out of town a short distance down the road passing the old Geo. Nichols ranch and extending from the Winchester Miller corner to the base line.

Through the arrest of a rancher some months ago on a charge of leaving barb wire in this road, it developed that the county had no jurisdiction whatever over that nearly three miles of highway which has always been regarded as a county road. Some one years ago, when in some little formality. Having no jurisdiction over the road, the county has set about securing a title to the property in order that it may take charge of it and keep it in some state of repair. According to Mr. Acuff, it is thought there will be no difficulty in so doing and an effort is now being made to have the property owners on both sides of the road deed to the county the required strip of ground. It is quite probable that this will soon be done. In looking over the situation, Mr. Acuff finds that practically all of the fences are on the correct line and there will probably be no occasion for changing any of them when the deeds are turned over.

INSTALLATION POSTPONED On Tuesday night of next week, the Knights of Pythias will confer the rank of knight upon four candidates. On this account the installation of officers has been postponed until the next meeting night, the tenth. There will also be a banquet on that occasion.

TOWN WATER The town will get a run of irrigation water today from six this morning until 9:30 this evening.

CONTEST NOTICE. Department of the Interior, United States Land Office, Phoenix, Arizona. December 1, 1910.

A sufficient contest affidavit having been filed in this office by Orson Vance, contestant, against Homestead Entry No. —, Serial No. 55847, made May 4, 1909, for SE 1/4 Section 10, Township 1 S., Range 6 E., G. & S. R. Meridian, by William A. Crisler, contestee, in which it is alleged that claimant has wholly abandoned said tract for more than six months last past, that he has failed to cultivate or improve said land, said parties are hereby notified to appear, respond, and offer evidence touching said allegation at 10 o'clock a. m. on February 16, 1911, before the Register and Receiver, U. S. Land Office, Phoenix, Arizona.

The said contestant having, in a proper affidavit, filed —, set forth facts which show that after due diligence personal service of this notice can not be made, it is hereby ordered and directed that such notice be given by due and proper publication. Record address of entryman—R. F. D. No. 1, Phoenix, Arizona. CHAS. E. ARNOLD, Receiver.

that the institute assembled on the morning of the 27th with about 400 teachers in attendance. Maricopa county is represented by B. H. Scudder, A. J. Matthews, T. L. Bolton, F. C. Ayer, of Tempe; and John D. Loper of Phoenix; all of whom will participate in the program.

There is a move on foot to segregate the association from the regular county institutes and this plan will likely be adopted. Those attending from here will probably be back to-day or tomorrow.

THE MACHINE BROKE The regular Wednesday evening moving picture show at the Goodwin opera house did not take place. Just as the first picture was being run through, an accident happened to the machine, putting it out of business for the evening. Money was refunded to those present and the show was called off. The damage has been repaired however, and the usual show will be given this evening.

STORES WILL CLOSE Monday will be observed here as a legal holiday on account of New Year's day coming on Sunday. The merchants of the town have agreed to close their places of business for the entire day. There will be a game of base ball at the high school grounds in the afternoon, between the Indians and the high school, which, on account of the holiday, should be well attended.

A MOOSE HUNTER'S MISTAKE. A Hartland hunter starting out after a deer one day recently put blanket on his horse before he put on the harness so that the animal would be warm. Arriving at a likely place, he tied the horse beside a wood road and went into the woods. He had not traveled far when he struck an old road. Following the deer for about a mile, he saw in the distance what he took to be a moose standing in the road. Taking careful aim, he fired and was much pleased to see the animal fall. He rushed up and found he had killed his own horse. The walk home was a long one.—Kennebec Journal.

COUNTER DIPLOMACY. "I think you will like this goods, madam," urged a salesman in a Euclid avenue shop. "It is just the thing for a stout, middle aged lady." "Sir!" squealed the customer in a rage. The clerk saw his faux pas and recovered himself quickly. "Pardon me," he smiled. "I mistook you for the young lady who was in here yesterday looking for something for her grandmother. Now that I look at you again, I see that this was an older person. Now, if you are buying for yourself, we have something over here that—"

GIRL MEETS WITH SERIOUS ACCIDENT

While Preparing For Masquerade Ball Tuesday Night

Miss Carrie Palmer who lives with the W. W. Dobson family southeast of Mesa, met with an accident Tuesday night which resulted in a broken collar bone and a badly sprained knee. She had been at the Chas. Bauer ranch getting ready for the masquerade ball during the evening, and about ten o'clock started back to the Dobson home on horseback. Her horse slipped on the road and fell, falling on top of the girl. The accident might have proven extremely serious, but fortunately, resulted in nothing more serious than the injuries mentioned, which are serious enough.

NEW QUARTERS FOR THE WATER BOARD

Owing to the fact that Mr. L. V. Gutherie is going to occupy the room back of the Mesa City Bank, now occupied by the Water Board, it has become necessary for the water board to find other quarters. At present the Water Board in consultation with the mayor have decided to fit up an office in the city hall, putting new window lights in the building, and the door in condition so that it can be locked and rule off one corner of the main room in the hall for a water board office. If for no other purpose the move will be appreciated by the city council because of the fact that the room will be in condition to keep out the cold air on council meeting nights, and will give them a degree of comfort not heretofore obtained.

A SIMPLE SAFEGUARD FOR MOTHERS. Mrs. D. Gilkeson, 326 Ingles Ave., Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Honey and Tar. The first dose I gave her relieved the inflammation in her throat and after using only one bottle her throat and lungs were entirely free from inflammation. Since then I always keep a bottle of Foley's Honey and Tar in the house." Accept no substitutes. Elvey & Hulett, quality druggists.

AN OSTRICH ITEM When visiting one of the ostrich farms near Phoenix a short time ago I was shown a bird which had most of the outer sheath remaining upon the nearly full-grown primary wing feathers. This is a condition that is noticed occasionally among a troop of ostriches and it will be generally found upon examination that the bird lacks "tone" although at the same time it may be fat. The outer skin or epidermis of the ostrich, like that of other animals (and human beings) is continually freeing itself of dead tissue, and when this is removed the skin is clean and soft, otherwise it has a dull scaly appearance.

A healthy bird when not feeding will often be seen preening its feathers with its beak and may also be observed to clear the skin of its limbs and other parts of the body in the same manner. The outer sheath of growing feathers consists of the same outer skin as the epidermal scales and it is the removal of these that allows the feather to become free and the flue open out. It can be taken as a general rule that marked scalliness of the skin of an ostrich and the non-removal of the outer sheath of its feathers are sure indications of poor health and want of tone in the system.

In South Africa the condition is more generally found during or after a drought and among breeding birds. The remedy is to build up the system and pay special attention to diet, otherwise the trouble will increase and mal-grown feathers be produced. Mesa, Dec. 29, 1910. T. W. KEMP, The Chandler Ostrich Ranch.

TAKE CARE! Remember that when your kidneys are affected, your life is in danger. M. Mayer, Rochester, N. Y., says: "My trouble started with a sharp shooting pain over my back which grew worse daily. I felt sluggish and tired, my kidney action was irregular and infrequent. I started using Foley Kidney Pills. Each dose seemed to put new life and strength into me, and now I am completely cured and feel better and stronger than for years." Elvey & Hulett, quality druggists.

No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.
